

Metal Automobile Spare Parts Ball Joint 54530-2K000 For Hyundai Kia

Our Product Introduction

For more products please visit us on automobile-sparepart.com

Basic Information

- Place of Origin: CHINA
- Brand Name: NABO
- Certification: TS16949
- Model Number: 54530-2K000
- Packaging Details: poly bag or air bubble bag, any boxes with customers' label, Corrugated box , Standard tray
- Delivery Time: 3~30 work days
- Payment Terms: D/P, L/C, T/T

Product Specification

- Product Name: Ball Joint
- Material: Metal/Plastic/Rubber
- Size: Standard
- Warranty: 12 Months
- Name: Automobile Spare Parts
- Standard: TS16949
- Highlight: **Metal Automobile Spare Parts,
Automobile Spare Parts Ball Joint, 54530-2K000**

Product Description

54530-2K000 Automobile Spare Parts Ball Joint For Hyundai Kia Tucson Sportage Sonata 54530 2K000

Product Description:

A ball joint is a vital component of a car's suspension framework. It acts as a bridge between the control arm or wishbone and the steering knuckle. This kind of link up allows the front wheels to move in a controlled and articulated manner. The ball joint is made up of a spherical bearing inside a metallic covering.

Features:

Our ball joint serves as a reliable connection point between the suspension control arms and the steering knuckle, allowing for controlled movement. This enables the suspension system to respond effectively to road irregularities, ensuring improved handling and stability. It also helps distribute the weight and forces exerted on the suspension system evenly, minimizing stress on individual components.

The ball joint is designed with a spherical bearing and stud assembly, allowing for smooth articulation and rotational movement. This helps improve steering responsiveness and accuracy. It also allows the suspension and steering systems to work together seamlessly, providing precise control and maneuverability.

Moreover, our ball joint is constructed with high-quality materials. These components provide excellent strength, durability, and resistance to corrosion, ensuring long-lasting performance in various driving conditions.

Support and Services:

We offer full technical support and services for Automobile Spare Parts. Our technical team is available to help with any questions or issues you may have regarding installation, operation, maintenance and troubleshooting. We also provide a wide range of spare parts and accessories to ensure that you get the most out of your Automobile Spare Parts. We are committed to providing the best customer service and support to all our customers.

FAQ:

1. Who are we?

We are based in Guangzhou, China, start from 2018, we are specializing in all kinds of spare parts for Japanese cars and Korean cars, for example, engine parts, suspension parts, electric parts, steering parts, transmission parts, body parts. . .

2. How can we guarantee quality?

Always a pre-production sample before mass production;

Always final inspection before shipment.

3. Why should you buy from us from other suppliers?

We have experience in spare parts for more than 10+ years
